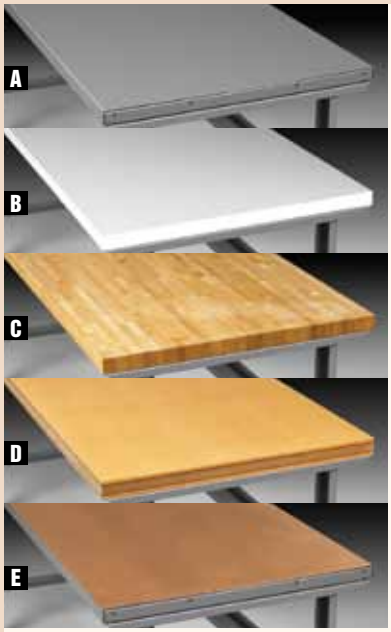
Workbenches and Shop Equipment

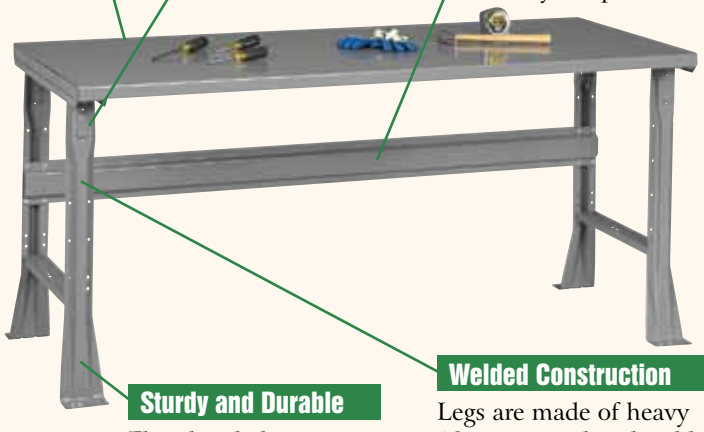


Choice of Work Tops
Tennsco offers five durable top styles that can be applied to any of our workbenches. Choose from Steel (A), Plastic Laminate (B), Hardwood Butcher Block (C), Compressed Wood (D), or Steel Top with Hardboard Laminate (E).

Roomy Workspace
Large smooth surface available in various sizes to best fit your requirements.

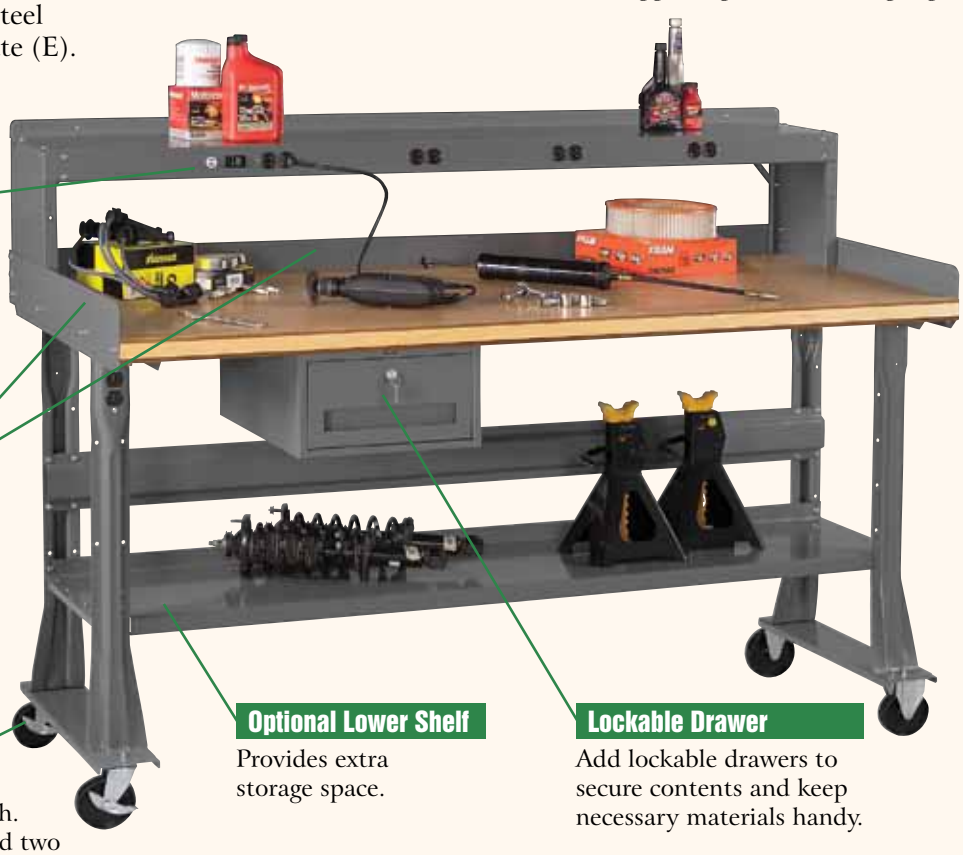
Optional A/C Power
Knock-outs in legs allow for handy electrical outlets.

Stringer
14 gauge stringer connects legs together for added stability. Shipped standard with all style tops.



Sturdy and Durable
Flared style legs provide a wide base for stability while allowing for knee room. Holes in feet permit bolting to the floor.

Welded Construction
Legs are made of heavy 13 gauge steel and welded into a one piece rigid framework. Adjustable legs are designed to support up to 5,000 lbs. per pair. Flared legs are designed to support up to 6,000 lbs. per pair.



Riser Options
You can add a riser for an additional upper shelf that will keep your workspace less cluttered. Or, make it an electronic riser for convenient, additional power. (electronic riser shown)

Back & Side Rails
Keep nuts, bolts, screws and other small parts and tools confined to the work surface with back and side rail options that prevent them from rolling away.

Optional Casters
Add mobility to your workbench. Caster kit includes two fixed and two locking swivel casters with 5" wheels.

Optional Lower Shelf
Provides extra storage space.

Lockable Drawer
Add lockable drawers to secure contents and keep necessary materials handy.

Note: shown with optional electrical outlet in leg.

For additional accessories see pages 10-13

SYSTEMS FOR SUCCESS

All Purpose Workbenches

Tennsco Workbenches are constructed of only the finest materials and represent the hallmark of strength and durability. With legs made of heavy, 13 gauge steel designed to support up to 6,000 lbs per pair, strength is a priority. And with a complete selection of optional add-on components, including side and back rails, risers, stackable drawers and lower shelves, these highly efficient units insure maximum productivity in the workplace.

Options

Stackable Drawers
Add lockable storage to our All Purpose Workbench with stackable drawers, which are easily mounted underneath the bench.

Riser Options
If your needs require additional shelf space or electrical power, risers are the solution. And, to add even more space, risers can be stacked.

Power in the Workbench Legs
Create a more productive work environment by adding power where you need it. Electrical outlets can be inserted into any leg. (Purchase electrical outlets at your local hardware store.)

Adjustable Legs
When your project requires varying heights simply add adjustable legs to your workbench. Legs adjust in 1 ½" increments from 27 7/8" x 35 3/8".

Optional Power
Wiring kit can be installed in electronic risers and in electronic outlet panels. A power switch controls power to all four duplex outlets. Circuit breaker includes handy reset button.

Options

Durability and Flexibility
Strength and conformity are coveted qualities in a productive workbench. With options such as added storage, handy electronics, increased work area and adjustable height legs your bench will truly become your own unique workspace.

Note: Plastic bin boxes are not provided or sold by Tennsco.

Cantilevered Accessory System
Upright frames attach to the work surface to provide support for a variety of accessories such as task lights, sloped shelves, divider shelves and bin rails.

Note: Plastic bin boxes are not provided or sold by Tennsco.

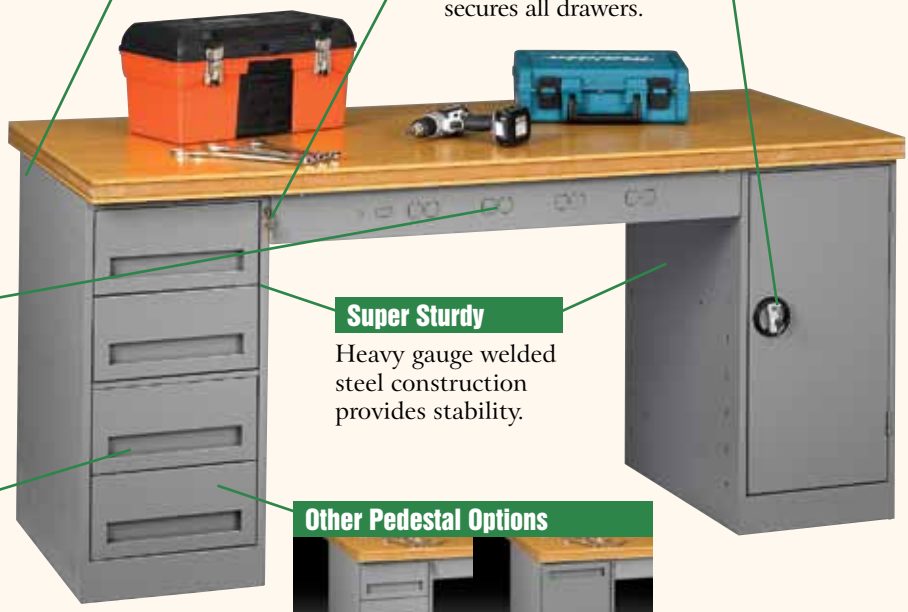
Increased Productivity
An available double entry workbench with single middle riser, in either one or two shelf heights, allows you to become more productive in a smaller footprint.

tennsco

SYSTEMS FOR SUCCESS

Workbenches with Modular Units

These 24" deep modular units come in either a cabinet or drawer style. They can be used separately or to support one of our standard tops.



Expandable
Pre-punched holes allow units to be bolted side-by-side.

Lockable Storage
Modular units come standard with key locks. On drawer units, one lock secures all drawers.

Power at Your Fingertips
Optional 42" Wiring Kit can be added to 72" wide modular bench to provide convenient electrical service.

Super Sturdy
Heavy gauge welded steel construction provides stability.

Roomy Drawers
Removable drawers extend completely for total access to each drawer's contents. Various combinations of standard and file drawers are available, see page 12.

Other Pedestal Options

Choice of Work Tops
Tennsco offers five durable top styles that can be applied to any of our workbenches. Choose from Steel (A), Plastic Laminate (B), Hardwood Butcher Block (C), Compressed Wood (D), or Steel Top with Hardboard Laminate (E).

Features

Locking Door
Cabinet door has lockable recessed handle. Great for storing valuable tools and testing equipment. Full sized shelf adjustable on 3" centers.

Smooth Operations
Removable drawers feature a recessed handle for ease of use, while fully progressive, steel ball-bearing suspensions provide smooth, quiet operation.

For additional accessories see pages 10-13

Options

Options Designed to Fit Your Needs

Every application is unique ... that's why we offer a variety of components that truly make our Modular Benches modular. By adding risers, side and back rails, a lower shelf and more, you can create the perfect workbench to fit your needs.

tennsco

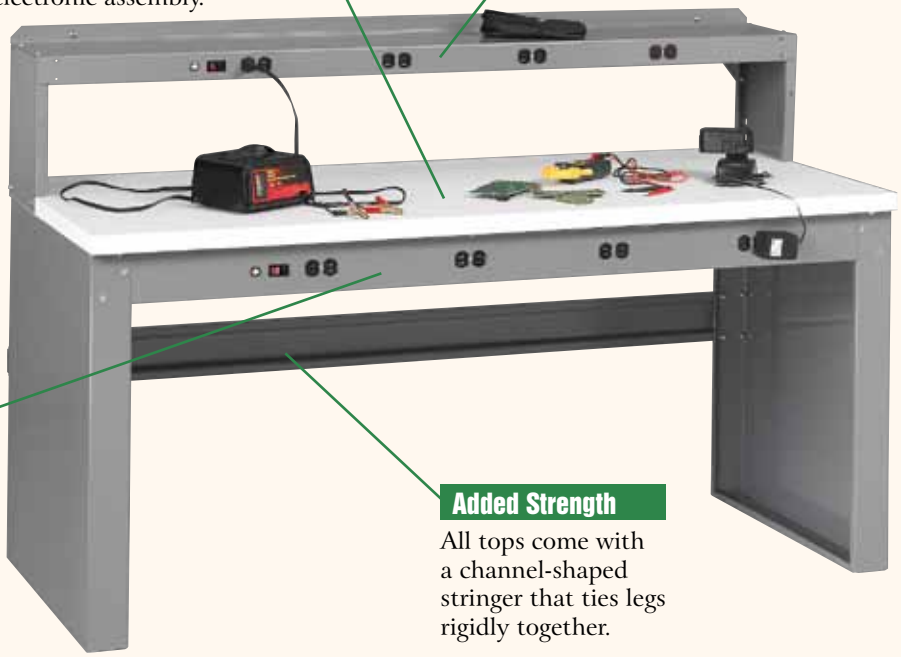
SYSTEMS FOR SUCCESS

Electronic Workbenches

Tennsco's Electronic Workbenches feature a panel leg construction with the option of adding numerous electrical outlets, allowing for a variety of applications such as testing equipment and electronic component assembly.

Smooth Work Surface
Our high pressure plastic laminate tops are a smooth non-conductive surface well suited for electronic assembly.

Electronic Riser
Optional riser adds needed storage space and the ability to add electrical outlets at a convenient height.



Power at Your Fingertips
Tops supported by complete steel framework. Front panel will accept four duplex electrical outlets.

Added Strength
All tops come with a channel-shaped stringer that ties legs rigidly together.

Choice of Work Tops
Tennsco offers five durable top styles that can be applied to any of our workbenches. Choose from Steel (A), Plastic Laminate (B), Hardwood Butcher Block (C), Compressed Wood (D), or Steel Top with Hardboard Laminate (E).

Features

Convenient Master Switch
Controls power to all four duplex outlets. Circuit breaker includes handy reset button.

Contemporary Style Legs
Panel leg design features a sleek, closed end that is both functional and good looking.

For additional accessories see pages 10-13

Options

Drawers
Need more space? Drawers are the perfect solution and are easily mounted underneath wood topped workbenches with the use of Mounting Angles. (When mounting to a steel top workbench, Mounting Channels are needed.)

Side and Back Rail Kit
Keep items placed on top of your workbench contained by using side and back rails. Rails are 3" high and are constructed of 16 gauge steel.

tennsco

SYSTEMS FOR SUCCESS

Workbench Accessories

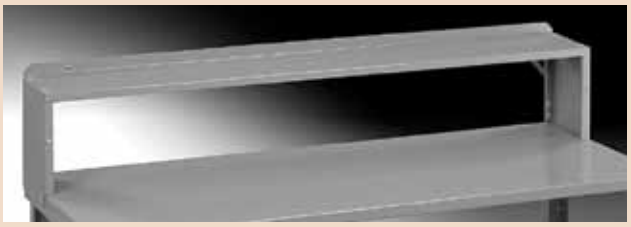
Steel Top
Durable 12 gauge steel work surface reinforced with 14 gauge end channels. Smooth surface will not absorb oil or crack. Baked enamel finish resists rust.

Plastic Laminate Top
High pressure white plastic laminate top and edges with particleboard core. Non-conductive smooth surface is ideal for electronics assembly.

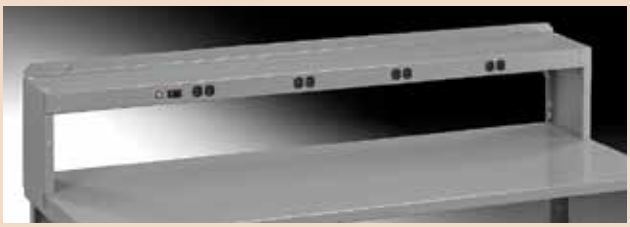
Hardwood Butcher Block Top
Solid laminated hardwood features butcher block construction to resist warp. Resandable surface is ideal for delicate machined parts and dies.

Compressed Wood Top
Tempered hardboard top and bottom surface laminated to compressed wood core. Ideal for assembly work.

Steel Top with Hardboard Laminate
Mechanically attached hardboard surface is economical, practical, sturdy, and durable.



Workbench Riser
Adds extra storage to workbenches for increased efficiency and convenience. Can be double stacked. Perfect for storing tools or test equipment at a convenient height. Risers are 16 gauge steel.



Electronic Riser
Provides extra storage space plus convenient electrical service for power tools, test equipment, etc. Knockouts for four duplex receptacles and switch. Requires writing kit on page 13. May be double stacked.

Workbench Riser (Double Entry)
Extra storage for double entry workbenches with an added shelf. Risers are 16 gauge steel.

Workbench Accessories

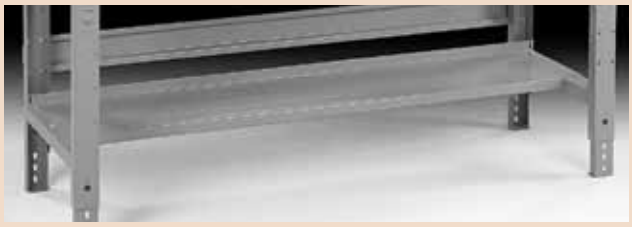
Side and Back Rail Kit
3" height prevents parts and small objects from falling off sides and back. Rails bolt to any workbench top and can be used with other bench accessories. Rails are 16 gauge steel.

Flared Legs
Flared legs are constructed of all welded 13 gauge steel with 14 gauge lower cross members. Available in three heights and three depths.

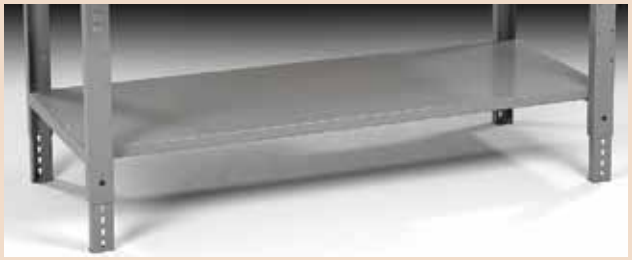
Adjustable Legs
Now you can adjust workbenches to meet changing work requirements without replacing them. Adjust from 27 7/8" to 35 3/8" high in 1 1/2" increments.

Panel Legs
Box formed panel legs provide a sleek appearance. Features 16 gauge steel and pre-punched holes for easy attachment to all tops.

Caster Kit
Add mobility to your workbench. Includes two fixed and two locking swivel casters with 5" wheels.



Lower Shelf
Increases workbench storage space below work surface. Shelf is 16 gauge steel.



Lower Shelf Full Depth (Double Entry)
A handy shelf/footrest attaches to double entry units for access from both sides. Stores parts, tools, and other needed items. Shelf is 16 gauge steel.

Lower Shelf (Modular)
Convenient 16 gauge steel shelf for use on modular units.

tennsco

SYSTEMS FOR SUCCESS

Workbench Accessories

Stackable Drawer
Unit may be mounted on top of workbench or underneath. Multiple drawers may be bolted together for stacking. Drawer features fully progressive, steel ball-bearing suspensions for smooth operation, padlock hasp, drawer divider, removable tray and knock-out for key lock. Add extra dividers for customized storage solutions.

Wider Drawer Option
Store items at your fingertips by mounting a wider drawer under any workbench. Drawers glide effortlessly on fully progressive, steel ball-bearing suspensions, and provide a 70-pound capacity per drawer.

Drawer Cam Lock
Provides convenient key lock to stackable drawers. Field installable. Available for both drawers.

Modular Storage Cabinet
Storage cabinet comes standard with key lock. Cabinet is constructed of heavy gauge steel, and is welded for strength. Base raises opening above floor level. Additional shelves are available.

Modular Four-Drawer Pedestal
Features four removable box drawers.

Modular Three-Drawer Pedestal
Features two removable box drawers and one removable file drawer.

Modular Two-Drawer Pedestal
Features two removable file drawers.

Additional Features of all Drawer Pedestals
All box and file drawers feature a recessed handle and fully progressive, steel ball-bearing suspensions for smooth operation. Top box drawer comes with a plastic pencil tray. Box drawers come with one adjustable divider with card holder. File drawer comes with one compression divider. Gear lock simultaneously locks all drawers.

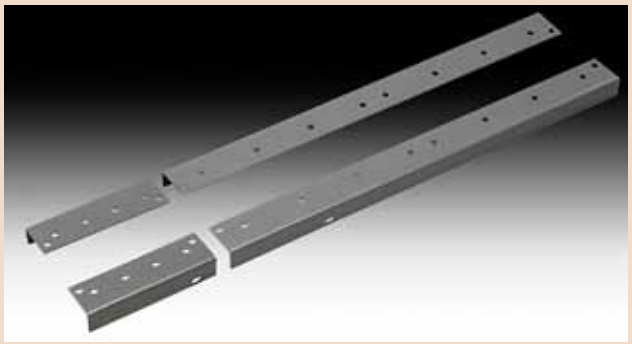
Workbench Accessories

Electronic Outlet Panel for Panel Leg Units
Provides mounting plate for four duplex outlets on panel legs. Wiring Kit sold separately.

Electronic Outlet Panel for Modular Units
Provides mounting plate for four duplex outlets on Modular units. Wiring Kit sold separately.

Cantilever Accessory System
Upright frames attach to the work surface to provide support for a variety of accessories such as task lights, sloped shelves, divider shelves and bin rails. (Plastic bin boxes are not provided or sold by Tennsco.)

Wiring Kit
Comes complete with four duplex receptacles, on/off switch with pilot light, 8 foot grounded cord and plug, 15 amp, 115 volt service and circuit breaker. Prewired for quick installation. Use with electronic riser (pg. 10), outlet panels (above), or electronic workbench (pg. 8).



Mounting Angles
Mounts stackable drawer unit under an electronic workbench. Pre-drilled holes and slots provide ease of assembly.

Mounting Channels
Mounts either stackable drawer unit or modular cabinet to steel tops. Pre-drilled holes and slots for ease of assembly.

Stur-D-Bench Workbenches

Stur-D-Bench Workbenches are the affordable answer to your most demanding tasks. Keep tools and supplies within easy reach for added convenience and productivity. Assembles easily with unique interlocking keyhole slot design.

Plentiful Work Area
Workbenches are 60" wide with a choice of 24" or 30" depths.

Accessible Storage
Riser and shelf is 60" wide, 12" deep, with a 2" lip to prevent items from falling. Riser shelf is reversible if flat surface is desired. Holds up to 750 lbs., evenly distributed.

Convenience
Pegboard back accepts standard hanging hooks* to keep tools close at hand.

Industrial Strength
Sturdy particleboard bench top holds up to 2000 lbs., evenly distributed.

No Sharp Edges
Soft vinyl caps cover all exposed edges.

Heavy-Duty Suspensions
Drawers glide on progressive, steel ball bearing suspensions for easy opening.

Protect Flooring
Plastic polyethylene foot covers protect floors and carpets.

**Pegboard hooks are not included. May be purchased locally.*

Designed to Meet Your Needs

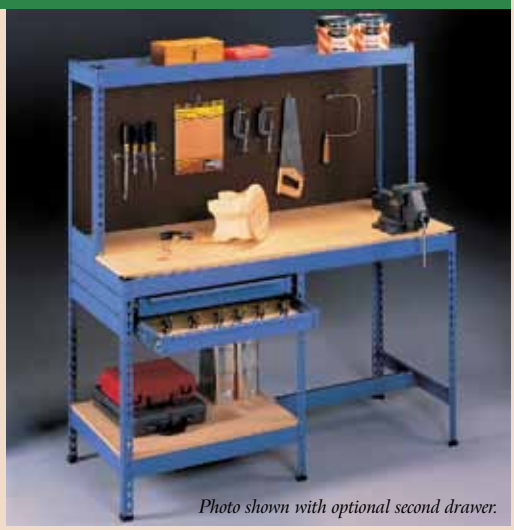


Photo shown with optional second drawer.

Depending on your application, choose between a full-width drawer unit with a 60" riser, 60" drawer, and 60" lower shelf or a half-width drawer unit with a 60" riser, 30" drawer, and 30" lower shelf.

Available in Accent Blue only

Features

Heavy Duty Drawers
Drawers glide effortlessly on progressive steel ball-bearing suspensions and provide a 150-pound capacity per drawer. Standard configuration includes one drawer. Additional drawers can be installed any time.

Reversible Top Shelf
Reversible top shelf offers flexible storage capacity to either contain items or to maximize the use of the open space of the shelf.

tennsco

SYSTEMS FOR SUCCESS

Mobile Units

Designed to move heavy parts and tools to your worksite. Mobile Workbenches feature all-welded construction from heavy gauge steel. Select from two styles.

Mobile Workbench with Cabinet and Four Drawers

Smooth Surface
Steel Top with Hardboard Laminate provides a smooth work surface.

Side and Back Guards
Side and back guards prevent items from rolling off top.

Drawer Lock
Comes with a gear lock to secure all drawers simultaneously.

Lockable Cabinet
Protects valuable tools and equipment.

Cabinet Shelf
Comes standard with one cabinet shelf; extra shelf for cabinet is also available.

Wheel Locks
Comes with two fixed and two locking swivel casters for easy steering.

Ample Drawer Space
Comes with four drawers on the left hand side. Each drawer comes with one adjustable divider with card holder.

Features

Drawer Suspension
Fully progressive, ball-bearing suspensions allow drawers to glide easily and quietly.

Secure Contents
Your contents remain safe with drawer and cabinet locks. Lock all drawers simultaneously with one turn of a key. A recessed handle lock secures all cabinet items.

Mobile Workbench with Cabinet and One Drawer

Mobile Workbench comes with a large, lockable storage cabinet unit with a shelf adjustable on 3" centers. Left side features a top drawer and an adjustable shelf for convenient access to contents.

Features

Locking Casters
Comes with two casters that swivel easily for maneuverability in tight spaces, but also lock when you need a stable base for working.

Adjustable Shelves
Shelves adjust in three inch increments to allow you to modify your storage space to fit your needs.

tennsco

SYSTEMS FOR SUCCESS

*Modular/Mobile Workbenches**

Now you can build a modular mobile workbench that fits your application needs! By selecting from numerous components you can decide whether to add power, where you need shelf space, and much more.

Risers
Delivers extra storage space above workbench and can feature added power.

Work Surface
Choose from 12 gauge steel or a solid laminate butcher block top.

Side & Back Rails
Keep items contained on your worksurface.

Lockable Drawers and Cabinets
All drawers and cabinets feature locking mechanisms to keep items secure. Lock drawers with one turn of a key and secure cabinets with our recessed handle lock.

Handle
A side handle provides smooth steering when moving the unit.

Bin Boxes
The 20-bin box compartment is ideal for storing a variety of smaller items. Each bin box also features a label holder to easily identify drawer contents.

Casters
Two swivel and two fixed casters add mobility. Locks on swivel casters help to keep unit in place.

Configure a Mobile Workbench That Meets Your Specific Requirements

** May also be used without casters as a stand alone workbench.*

Choose Your Components

Base
Start by choosing a 30" or a 45" wide base.

Tops
Choose from Steel or Hardwood Butcher Block.

Side and Back Rails
Keeps items from rolling off your top.

Foreman's Top
Makes your unit a mobile foreman's desk.

Riser
Provides extra shelf space above your work top.

Electronic Riser
Features four, close-at-hand, duplex receptacle outlets.

Handle
Provides easy steering and maneuverability.

Electronic Handle
Adds power at your fingertips.

Two-Drawer Unit
Two file drawers hold plenty of paperwork.

Three-Drawer Unit
Flexibility with two box drawers and one file drawer.

Four-Drawer Unit
Lots of storage with four box drawers.

Single Door Unit
Lockable storage cabinet with one adjustable shelf.

30" Wide Four-Drawer Unit
Four extra wide drawers provide organized storage.

Bin Boxes Unit
20-bin box compartment for storing a variety of items.

Sliding Door Unit
Double width storage cabinet with convenient sliding doors.

Double Door Unit
A double width, lockable storage cabinet with one adjustable shelf.

tennsco

SYSTEMS FOR SUCCESS

Foreman's Desks

Foreman's desks provide a convenient yet sturdy writing surface with the added capability of storing a variety of supplies in a lockable cabinet. Ideal for the industrial workplace, businesses, schools and institutions. Available in both closed and open styles.

Foreman's Desk Closed Style

Additional Storage
Compartmentalized riser is perfect for storing writing utensils, forms and papers.

Sturdy Writing Table
Large sloping surface leaves plenty of room for paperwork and supplies.

Lockable Drawer
For easy access to additional supplies

Heavy Steel Construction
14 gauge corner posts and heavy steel construction assures long life.

Roomy Lockable Storage Cabinet
Large storage area with 3-point locking system boasts two shelves for storing tools and other supplies.

Features

Casters
When the job demands flexibility, a mobile version is available. Two rigid and two locking swivel casters give you plenty of mobility and stability once you've reached your destination. Casters on Foreman's Desk are available only at time of order; existing units can not be retrofitted with casters.

Secure Contents
Your contents remain safe with drawer and cabinet locks. Drawer and cabinet come standard with two keys each. A three point locking system secures all cabinet items.

Foreman's Desk Open Style

In situations where you don't need a lockable storage cabinet, the added leg room permits the use of a stool for seated comfort. The handy shelf can be used for storage of bulky items or as a footrest.

Wall Mounted Foreman's Desk

Add a handy work surface anywhere. Wall mounted desk is perfect anywhere especially where floor space is limited.

Features

Drawer Suspension
Fully progressive, ball-bearing suspensions allows the drawer to glide easily and quietly.

Adjustable Shelves
Shelves adjust in 4 $^{9}/_{16}$" increments to allow you to modify your storage space to fit your needs.

Service Carts

A valuable addition to any work area. Portable service carts with top and bottom trays to house an assortment of tools, parts, and odds and ends.

Tubular Push Handle

Push handle is rounded to allow for a firm, comfortable grip.

Versatile Components

Top tray can be inverted to provide flat work surface.

Flexible

Optional tray may be added to the cart anytime for additional storage.

Size Selection

Available in two different sizes to meet a variety of needs.

360° Turning

Two fixed and two locking swivel casters with 5" wheels provide maximum steering control in confined areas.

Features

Reversible Shelf
Great for bringing all your tools to the work site. Everything is within reach and the top shelf can be reversed to serve as a work area allowing you complete access without restrictions from sides or edges.

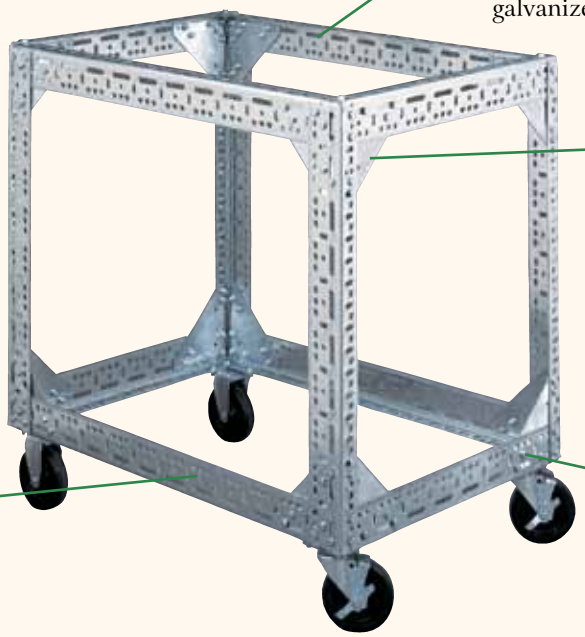
Two sizes
Service carts come in two sizes to meet your needs. Choose from a 30" x 16" cart or a larger 36" x 24" version.

Option

Additional Shelf
Greater storage and transportation capacity may be added by inserting an optional middle shelf. Maximize your productivity by making one trip to the work area when you have a lot of tools or parts to transport.

Slotted Angle

Build your own carts, racks, platforms, benches, scaffolds or stairs to fit your exact needs. Tennsco's slotted angle can be cut to size with a hacksaw or angle cutter and then bolted together to form an almost limitless array of configurations.



Galvanized Finish

Slotted angle is available in a tough, durable galvanized finish.

Heavy Duty Construction

Gusset plates reinforce corner sections to provide as much rigidity as desired.

Hardware Included

Each bundle comes complete with 38 cadmium steel nuts and bolts.

Different Strengths

Provided in 14 and 12 gauge steel in 10 and 12 foot lengths.

Numerous Possibilities

A seemingly endless number of configurations can be erected using slotted angle. Add particleboard decking, wire decking, casters and more to form almost any useful structure you can imagine.

Slotted Angle Cleats

Slotted Angle Cleats for joining and reinforcing sections come in 12 or 14 gauge steel.

Angle dimensions:
14 gauge - 2¼" x 1½";
12 gauge- 3" x 1½".

tennsco

SYSTEMS FOR SUCCESS

All Tennsco Workbenches and Shop Equipment are painted with a tough, long lasting, enamel finish to ensure years of lasting beauty. Choose from three standard finishes.
