## XTRA CHOICES. XTRA FAST.

STANLEY

# ABOUT LISTA

Lista provides today's most complete selection of workbenches, cabinets, workspace furniture, accessories, and more. We help you create work environments that:

- Improve productivity
- Benefit the user through smart ergonomic design
- Offer unmatched flexibility
- Are attractive and comfortable

The result of high-quality construction, and innovative engineering and design, Lista products are built to provide functionality, flexibility, and ease of use in the most demanding working environments.

A custom solution without a custom price, Lista offers the following consulting services:

**Design:** Lista's engineering and design team is ready to provide you with a detailed plan for your individual workspace, cabinet, and storage needs, free of charge. We offer solutions that are designed for maximum efficiency and future flexibility, optimizing space and profitability.

**Floorspace Utilization Analysis:** We can prepare CAD drawings of site plans and elevations for a grouping of products, or entire room-sized solutions.

**Customized Surveys And Layouts:** Lista experts will survey your current and future storage and workspace needs, and propose solutions that provide the highest density and greatest productivity.

**Integration With Architectural And Construction Planning:** Rely on our experience coordinating with architectural and construction professionals at any stage of a project's development.

**Unmatched Customer Support:** Lista has knowledgeable, helpful resellers throughout North America. No matter where you are, their guidance and support is always close at hand.

**Price Quotes:** We provide free estimates and price quotes for any project, regardless of size.

# MANY APPLICATIONS. MANY SOLUTIONS.

**LISTA OFFERS A VARIETY OF MODULAR STORAGE CABINETS THAT PERFECTLY SUITS A WIDE RANGE OF INDUSTRIES, ENVIRONMENTS AND APPLICATIONS. LISTA CABINETS ALLOW MAXIMUM USE OF CUBIC SPACE FOR THE HIGHEST DENSITY STORAGE.**

Stacked Lista cabinets provide for maximum flexibility in storage. Shelf cabinets can be ordered open, or with a variety of door styles to protect contents, while drawer storage cabinets offer storage for smaller items.

Lista cabinets can be combined with counter tops in a choice of materials for a practical, high density work area. When paired with Lista's overhead storage cabinets, items in a wide variety of sizes and shapes can be conveniently stored in close proximity.

Mobile cabinets afford the ultimate in flexibility and convenience. Almost any Lista drawer cabinet can be outfitted with casters to allow technicians to bring tools and parts directly to repair sites, increasing flexibility and efficiency.

# Cabinet Features and Benefits

Durable, secure Lista Xpress cabinets are designed to provide years of safe, convenient storage and problem-free operation. Our cabinets:

- Provide the highest density storage, reducing the footprint needed for storage by as much as 50%
- Provide maximum weight-bearing capacity, organization and access
- Feature all the benefits of our unique, infinitely customizable drawers
- Offer the flexibility to adapt to your future requirements
- Can be stacked for even greater storage density in the same footprint
- Allow keyed-alike cabinet groupings to be created. Choose from individual removable core locks, keyed-alike, master key systems, and keypad.

**Feature: Lockable cabinets**
**Benefit: Safety, security, reduced shrinkage**
All cabinets come with individual lock and 2 keys or your choice of keyed-alike and master key systems.

**Feature: Ergonomic handles**
**Benefit: Improved safety, appearance and ergonomics**
When drawers are closed, handles are flush with housing so nothing protrudes. Drawer handles are full width and are located at top of drawer.

**Feature: Hinged label holders**
**Benefit: Easy labeling of drawer contents**
Drawer handles are covered with clear hinged covers for display of drawer labels. Handles and label holders run full width of drawer front for fast, easy identification, retrieval and inventory control. Create customized labels with free Lista Script software.

**Feature: 100% full extension drawers**
**Benefit: Easy access and full use of the furthest corners of storage**
Continuous smooth extension even with a full load.

**Feature: Drawer dividers with ability to add labeling**
**Benefit: Fast, accurate identification of compartment contents and easier inventory control**
Angled tops allow easy identification of contents, and can accommodate Lista Script labels, as well as most bar code labels. Dividers can be fastened to drawer bottom for mobile applications.

**Feature: PrevenTip® interlock system**
**Benefit: Added safety and security**
Unique, patented drawer locking system ensures that when one drawer is extended, all other drawers are locked closed to prevent accidental tip-over.

**Feature: Exclusive suspension system**
**Benefit: Durable, smooth, quiet operation**
Lista's suspension system has been tested against the globally respected RAL-RG 614 standard. The drawers exceeded the required number of cycles at full load without diminished performance.
See page 32 for more details.

Lista Xpress counter and eye-level height cabinets (shown on pages 4-11) include:

- Fork truck base with front and rear covers
- All drawers are full extension with 440 lb. weight capacity
- Installed drawer dividing accessories
- Offer the flexibility to adapt to your future requirements
- Choice of individual, keyed-alike, master key or keypad locks
- Choice of Bright Blue, Classic Blue or Light Gray finish (The same cabinet configurations can also be ordered in our other 7 standard colors at no additional charge. However, they will be shipped in our normal shipping lead time of 3-4 weeks from date of order.)

# **STORAGE SOLUTIONS:** Shelf Cabinets

**LISTA XPRESS SHELF CABINETS, EITHER WITH OR WITHOUT A LOCKABLE SLIDING DOOR, ARE AN EFFICIENT MEANS FOR STORING BULKY ITEMS THAT DON'T LEND THEMSELVES TO DRAWER STORAGE.**

- Choice of Bright Blue, Classic Blue or Light Gray finish.
- Open shelf cabinet's interior and shelves match housing color.
- Sliding door cabinet's interior matches housing color, and shelves are painted gray.

**Feature: Store large and small items together**
**Benefit: Greater productivity and efficiency**
Store large, bulky items on shelves and smaller items in drawers.

**Feature: Choice of open or locking shelf cabinets**
**Benefit: Appropriate level of security**
Most shelf cabinet sizes are available with either open shelving or lockable sliding doors.

**Feature: Open shelf cabinets without bases**
**Benefit: Easier stacking**
Open shelf cabinets come without a base for ease of stacking.

**Feature: Complementary footprints**
**Benefit: Complete modularity**
Stack SC shelf cabinet on SC drawer cabinets, HS shelf cabinets on HS drawer cabinets, or DW shelf cabinets on pairs of SC drawer cabinets.

| Select lock type | Xpress ship colors | Standard ship colors |
|---|---|---|
| | | (Please allow 3-4 weeks lead time) |
| NL= No Lock | BB=Bright Blue | BE=Beige |
| RG= Individual | CB=Classic Blue | BK=Black |
| KA= Keyed-alike | LG=Light Gray | GR=Dark Gray |
| MA= Master | | GG=Green |
| | | NR=Red |
| | | SN=Sand |
| | | FW=White |

**EXAMPLE:** to order an **XSHSSD0900** cabinet with an individual lock and Bright Blue finish, the part number would be **XSHSSD0900-RGBB**.

Shelf cabinets (either open or with sliding doors) stacked on drawer cabinets enable users to store large bulky items above small parts and components.

# VERSATILE, CONFIGURABLE SOLUTIONS STREAMLINE WORKFLOW.

**ARLINK® MODULAR WORKSTATIONS ALLOW THE USE OF A WIDE FAMILY OF COMPONENTS AND ACCESSORIES, EXPANDING THE UTILITY AND FLEXIBILITY OF YOUR INVESTMENT.**

Arlink Modular Workstations can use both sides of the supporting columns to form a wide variety of arrangements. Workstations can be arranged back-to-back for even greater flexibility.

Arlink Modular Workstations are easily repositioned into different configurations as your needs and workflow change and evolve. The ability to easily add a mobile base means even greater flexibility for quick configuration changes.

Arlink system accessories can be quickly and easily moved to accommodate changing needs without the needs for tools.

### DURABLE, MODULAR AND FULLY-INTEGRATED SYSTEMS FOR PRODUCTIVE WORKSPACE. ARLINK® WORKSTATIONS:

- Offer the exact workspace solution for your specific work demands.
- Can be reconfigured for multiple functions and changes in your workflow.
- Are a cost-effective solution for all of your assembly, repair and light manufacturing workstation needs.
- Different models share many of the same components and accessories, expanding their usability and reducing your cost of ownership.

All Lista Xpress Arlink modular workstation models are available in either plastic laminate or static dissipative laminate worksurfaces.

Lista Xpress Arlink modular workstations are available in Light Gray powder coat finish only.

LG=Light Gray

Lista Xpress Arlink modular workstations are shipped FOB Burlington, Ontario, Canada.

Other paint and trim Colors are avalible with standard lead times:

Light Gray (LG)
Sand (SN)
Bright Blue (BB)
Black (BL)

**Feature:** **Unique column design**
**Benefit:** **Maximum modularity**
A sturdy, flexible backbone for evolving needs.

**Feature:** **Easy, tool-free reconfiguration**
**Benefit:** **Fast, stress-free change-overs**
The industry's fastest and simplest set up.

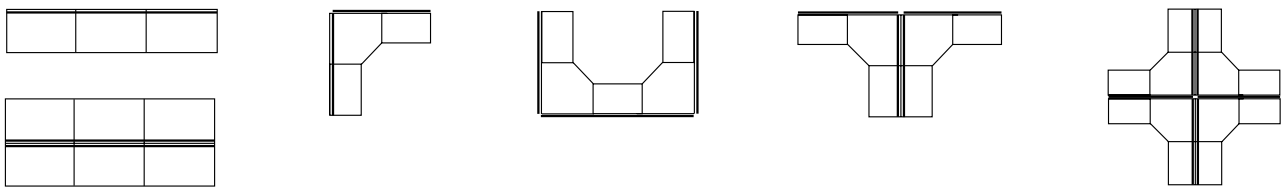
**Feature:** **Completely customizable**
**Benefit:** **Configured to exactly suit your needs**
Customizable for a range of uses at a lower cost than other workstations.

**Feature:** **Ergonomic design**
**Benefit:** **Improved worker comfort, higher productivity**
Ergonomic design eliminates wasted motion and minimizes fatigue and strain.

**Feature:** **Exact positioning of accessories**
**Benefit:** **Greater productivity and efficiency**
Accessories attach via the unique Definite Positioning System® (DPS).

### NUMEROUS POSSIBLE CONFIGURATIONS

Configure your workstations to suit your needs today, and as future needs evolve. Choose from a wide range of accessories that can be added to your Lista Xpress Arlink modular workstations.



# Arlink® Modular Workstations

- Arlink 8000 workstations are available through the Lista Xpress program in both starter and adder configurations.
- Select from single- or double-sided starters, adders, or corners in all standard module widths and heights. You may also choose either 28"- or 30"-deep worksurfaces in either plastic laminate or static dissipative laminate. Xpress modules include all accessories shown in the charts to the right.

**FOLLOW THE 6 STEPS BELOW FOR STARTER MODULE AND REPEAT FOR EACH ADDER MODULE.**

1. Select module configuration
   **XSA-SS** = single-sided starter
   **XSA-SA** = single-sided adder
   **XSA-SC** = single-sided corner adder
   **XSA-DS** = double-sided starter
   **XSA-DA** = double-sided adder
   **XSA-DC** = double-sided corner adder

2. Select module length*
   **36** = 36" long
   **48** = 48" long
   **60** = 60" long
   **72** = 72" long
   *corner adders 36" long only

3. Select module height
   **72** = 72" high
   **84** = 84" high

4. Select worksurface depth
   **28** = 28" deep
   **30** = 30" deep

5. Select worksurface material*
   **SL** = plastic laminate (light gray)
   **SD** = static dissipative plastic laminate (light gray)

6. Select finish color
   **LG** = Light Gray

7. Select trim color
   **LG** = Light Gray
   **BB** = Bright Blue
   **CB** = Classic Blue

**Example:** to order a starter single-sided workstation module that is 60" long, 84" high and 30" deep with a plastic laminate worksurface and Bright Blue trim, the part number would be **XSA-SS608430SLLGBB**.

To order an adder single-sided workstation module that is 48" long, 84" high and 30" deep with a plastic laminate worksurface and Bright Blue trim, the part number would be **XSA-SA488430SLLGBB**.

To order an adder single-sided corner module that is 84" high and 30" deep with a plastic laminate worksurface and Bright Blue trim, the part number would be **XSA-SC368430SLLGBB**. (When ordering an "L" shaped configuration, 2 starters must be used with a corner adder.)

**XSA-SSSingle-Sided Starter**
Includes:
- 1 starter assembly
- 1 footrest
- 2 outriggers
- 1 worksurface assembly
- 1 single-sided power beam
- (15 amp)with light switch
- 1 open wire shelf, 12" depth
- 1 two-bulb light with parabolic insert

**XSA-SASingle-Sided Adder**
Includes:
- 1 starter assembly
- 1 footrest
- 2 outriggers
- 1 worksurface assembly
- 1 single-sided power beam (15 amp) with light switch
- 1 open wire shelf, 12" depth
- 1 two-bulb light with parabolic insert

**XSA-SCSingle-Sided Corner Adder**
Includes:
- 1 adder assembly, 36"
- 1 outrigger
- 1 corner worksurface assembly
- 1 single-sided power beam (15 amp) with light switch
- 1 open wire shelf, 12" depth
- 1 two-bulb light with parabolic insert

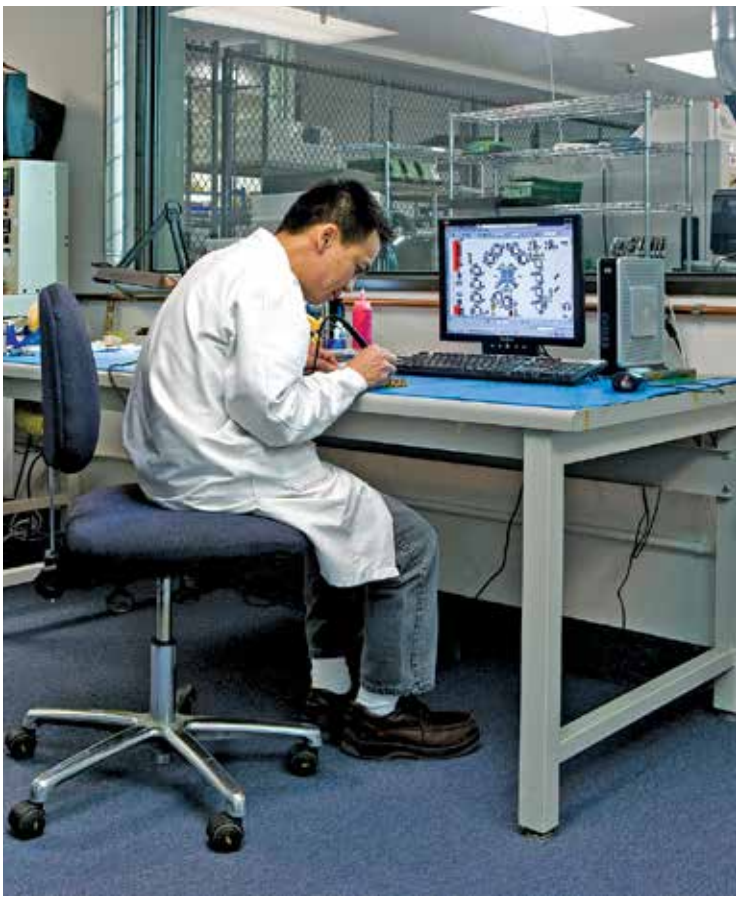
**XSA-DSDouble-Sided Starter**
Includes:
- 1 starter assembly
- 2 footrests
- 4 outriggers
- 2 worksurface assemblies
- 1 double-sided power beam (15 amp) with light switch
- 2 open wire shelves, 12" depth
- 2 two-bulb lights with parabolic inserts

**XSA-DADouble-Sided Adder**
Includes:
- 1 adder assembly
- 2 footrests
- 2 outriggers
- 2 worksurface assemblies
- 1 double-sided power beam (15 amp) with light switch
- 2 open wire shelves, 12" depth
- 2 two-bulb lights with parabolic inserts

**XSA-DCDouble-Sided Corner Adder**
Includes:
- 1 adder assembly, 36"
- 2 outriggers
- 2 corner worksurface assemblies
- 1 double-sided power beam (15 amp) with light switch
- 2 open wire shelves, 12" depth
- 2 two-bulb lights with parabolic inserts

# FLEXIBLE. CUSTOMIZABLE. DURABLE.

**LISTA TECHNICAL FURNITURE OFFERS A RICH ARRAY OF CUSTOMIZABLE FEATURES TO SUIT ANY ENVIRONMENT THAT REQUIRES A LIGHTER DUTY WORKSTATION AND/OR ACCESS TO ELECTRICAL POWER. AND THEY LOOK GOOD DOING IT.**



Lista electronic workstations can be paired with the Nexus accessory system and mobile cabinets to suit a variety of technical applications.

Lista technical furniture is perfect for large work areas, including classrooms.

An alternative to a drawer cabinet pedestal is a hanging cabinet, offering drawer storage off the floor.

# Features and Benefits

**LISTA XPRESS TECHNICAL FURNITURE IS DESIGNED TO DELIVER DURABILITY, VERSATILITY AND PRODUCTIVITY. OUR WORKSTATIONS:**

- Are constructed from the highest quality materials – sturdy, secure and built to last.
- Are available with a range of cabinet pedestals, hanging cabinets and/or legs for support and storage.
- Feature cabinet pedestals with drawers that are subdivided to create custom compartments for maximum organization of tools, components and instrumentation.
- Allow you to build up from the worksurface with a choice of riser shelves, or add accessories with the Nexus Accessory System.

*NOTE: Static dissipative paint avalible if required for workbench cabinets and accessories.

All technical bench models now available in either plastic laminate, butcher block or static dissipative plastic laminate worksurfaces and your choice of our three most popular colors!

BB=Bright Blue CB=Classic Blue LG=Light Gray

Additional colors are available with our standard lead time.

BE=Beige
BK=Black
GR=Dark Gray
GG=Green
NR=Red
SN=Sand
FW=White

**Feature: Wide selection of above-worksurface accessories**
**Benefit: Greater productivity and efficiency**
Create task-specific configurations.

**Feature: Electrical power supply**
**Benefit: Easy access to electricity**
Multiple outlets available on instrument risers and Nexus Accessory System kits.

**Feature: Choice of worksurfaces**
**Benefit: Surface always appropriate to application**
Durable worksurfaces come in 60" and 72" lengths, in a choice of plastic laminate, static dissipative or butcher block.

**Feature: Ergonomic handles**
**Benefit: Improves safety, appearance and ergonomics**
When drawers are closed, handles are flush with housing so nothing protrudes. Drawer handles are located at top of drawer.

**Feature: Customizable drawer compartments**
**Benefit: Better organization, faster retrieval**
Variety of workbench support options.

**Feature: Choice of pedestal and leg supports**
**Benefit: Customized to your needs**
Variety of workbench support options.

**Feature: Leveling glides**
**Benefit: Stable workstation, even on uneven floors**
Two inch square tubular panel legs include glides with 1" of adjustment.

**LISTA XPRESS PRE-CONFIGURED TECHNICAL WORKSTATION BASES OFFER THE UTMOST IN VERSATILITY, AESTHETICALLY PLEASING DESIGN AND PRODUCTIVITY.**

- Choice of bullnose butcher block, gray plastic laminate, or gray static dissipative plastic laminate worksurface (see page 25 for details)
- 35 1⁄4" worksurface height
- Choice of 3 colors

To add above-worksurface accessory kits to these bench bases, see page 24.

For information on cabinet pedestals and worksurfaces, see page 25.

*NOTE: Static dissipative paint avalible if required for workbench cabinets and accessories.

## HANGING CABINET

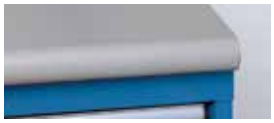
5.75″

**XSWBHC150-1-■□**
- 16 3⁄4″ W x 19 1⁄4″ D x 8″ H
- 1 drawer (5 3⁄4″ high)
- 50 lb. weight capacity
- To complete order, include lock and color codes in part number

## WORKSURFACES

**Butcher Block Worksurface**
- Satin finish 1 3⁄4″ thick hardwood
- Bullnose front edge

**Plastic Laminate Worksurface**
- Particle board core with dove gray plastic laminated top and sides
- 1 9⁄16″ thick
- Bullnose front edge



**Static Dissipative Worksurface**
- Particle board core with dove gray plastic laminated top and sides
- 1 9⁄16″ thick
- Bullnose front edge
  Includes grounding bolt and 10′ grounding cord with 1 megohm resistor
- Worksurfaces display electrical properties within static dissipative boundaries of 106-109 ohms over a wide range of relative humidities (ranging from 60% RH to as low as 10% RH) to meet ESD specifications. Meets EOS/ESD S4.1 specifications. For detailed specifications, please contact Lista.

# HEAVY-DUTY PERFORMANCE WITH EXCEPTIONAL VERSATILITY.

**BUILT FOR RUGGED DURABILITY, LISTA INDUSTRIAL WORKBENCHES STAND UP TO THE HARSHEST WORK ENVIRONMENTS. WITH THEIR FLEXIBLE SELECTION OF STANDARD COMPONENTS AND COST-EFFECTIVE CUSTOM CONFIGURATIONS, OUR INDUSTRIAL WORKBENCHES ARE READY TO CONQUER WHATEVER CHALLENGES YOU THROW AT THEM.**

Your choice of above-worksurface shelves, back stops and panels enables you to customize storage to best suit your needs. Cabinet pedestals with full-extension drawers are perfect for storing a range of tools, parts and instruments close at hand.

The Nexus Accessory System offers a large variety of above-worksurface accessories to suit almost any task. Choose from such accessories as task lighting, pegboard and louvered panels for holding tools and parts, overhead cabinets for the storage of supplies, books and binders, monitor arms, and more.

# Features and Benefits

**LISTA XPRESS INDUSTRIAL WORKBENCHES ARE DESIGNED TO DELIVER DURABILITY, VERSATILITY AND PRODUCTIVITY. OUR WORKBENCHES:**

- Are constructed from the highest quality materials – sturdy, secure and built to last
- Offer a choice of pre-configured models to exactly suit your needs
- Incorporate ergonomic design for easy, safe access with a minimum of stress and strain
- Are available with a range of cabinet pedestals and/or legs for support
- Feature cabinet pedestals with drawers that are subdivided to create custom compartments for maximum organization of tools, components and instrumentation
- Allow you to build up from the worksurface with a choice of riser shelves, or add accessories with the Nexus Accessory System

All industrial bench models now available in either plastic laminate, butcher block or plastic laminate worksurfaces and your choice of our three most popular colors!

BB=Bright Blue CB=Classic Blue LG=Light Gray

Additional colors are available with our standard lead time.

BE=Beige
BK=Black
GR=Dark Gray
GG=Green
NR=Red
SN=Sand
FW=White

**Feature: Wide selection of above-worksurface accessories**
**Benefit: Greater productivity and efficiency**
Create task-specific configurations.

**Feature: Choice of worksurfaces**
**Benefit: Surface always appropriate to application**
Durable worksurfaces come in 60" and 72" lengths, in a choice of plastic laminate or butcher block.

**Feature: Ergonomic handles**
**Benefit: Improves safety, appearance and ergonomics**
When drawers are closed, handles are flush with housing so nothing protrudes. Drawer handles are located at top of drawer.

**Feature: Customizable drawer compartments**
**Benefit: Better organization, faster retrieval**
All drawers are provided with partitioned compartments.

**Feature: Choice of pedestal and leg supports**
**Benefit: Customized to your needs**
Variety of workbench support options.

**Feature: Leveling glides**
**Benefit: Stable workstation, even on uneven floors**
Legs include glides with 1" of adjustment.

**RUGGED, DURABLE LISTA XPRESS INDUSTRIAL WORKBENCHES STAND UP TO THE TOUGHEST ENVIRONMENTS.**

- Includes square edge worksurface in choice of butcher block or gray plastic laminate
- 35 1/4" worksurface height
- MP cabinet pedestals (22 3/16" wide)
- Choice of 3 colors

To add above-worksurface accessories to these bench bases, see page 30.

For information on cabinet pedestals and worksurfaces, see page 31.

22 3⁄16″ W x 28 1⁄2″ D x 33 1⁄2″ H
5 drawers
41 drawer compartments
Full extension drawers with a 165 lb. weight capacity
To complete order, include lock and color codes in part number

## WORKSURFACES

**Butcher Block Worksurface**
- Satin finish 1 3/4″ thick hardwood
- Bullnose front edge

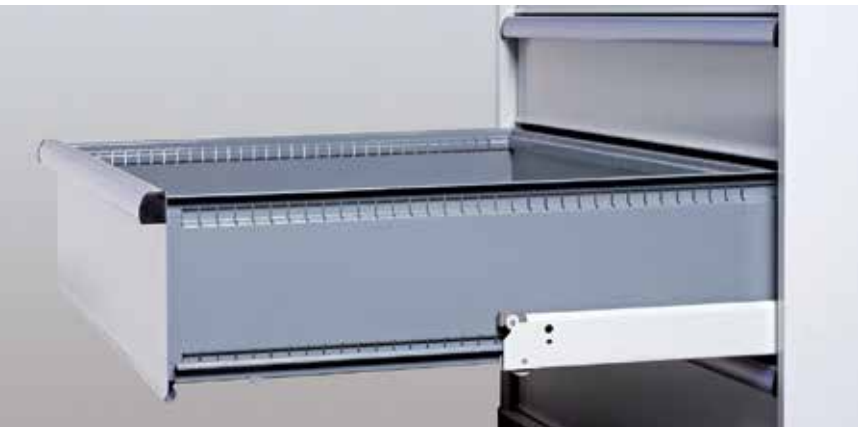
**Plastic Laminate Worksurface**
- Particle board core with dove gray plastic laminated top and sides
- 1 9/16″ thick
- Square front edge

# UNEQUALED PERFORMANCE

Lista drawers set the standard in quality modular storage worldwide. They are constructed like no other competitive drawer. Their superior engineering and construction give them outstanding capacity and durability.

All our drawers and roll-out trays extend 100% from the cabinet housing, allowing easy, ergonomic access to the entire contents, even in the farthest corners.

Our six full-height sidewalls, as well as matching partition and divider heights, allow for optimal use of the system's cubic storage capacity. Items stored in the drawer won't fall out either the sides or the back of the drawer.



### ONE-PIECE DRAWER FACE AND HANDLE

Lista's drawer front has an integral handle and is welded to the bottom of the drawer for added stability (shown to the right without handle end cap). No hardware is used to attach the drawer front or handle, resulting in superior durability and ergonomic safety.

### SUSPENSION SYSTEM

Our exclusive suspension system incorporates a guide track, which wraps under the drawer body for additional stability and strength. This unique system features quiet Polyoxymethylene (POM) bearings, combining strength, hardness, dimensional stability, fatigue resistance, low wear and low friction, to give Lista drawers remarkably smooth, quiet operation.

### DRAWER PERFORMANCE

When we say our drawers provide unequaled performance, we have the results to back that claim up.

To test our drawers, we chose the RAL-RG 614 standard from the German Institute of Quality Assurance and Marking, a globally respected standard. This test required our drawers to pass a series of difficult test criteria.

In these demanding tests, Lista excelled. Our suspensions exceeded the required number of cycles, fully loaded, without diminished performance.

# A WORLD OF CHOICE.

By taking advantage of Lista's wide array of cabinet footprints, heights, features and optional accessories, you can create a customized cabinet that ideally suits your specific storage needs.

### LISTA MAXIMIZES YOUR WORKSPACE WITH CABINETS IN WIDTHS AND DEPTHS TO FIT ALMOST ANY SPACE.

Lista's NW and MP Width cabinets make ideal workbench pedestals, are well suited for use as laboratory casework and can be adapted as mobile cabinets. Standard Width cabinets fit the needs of a wide range of installations and applications.

When you need to store tools and parts that are 30" in length or longer – or combine short and long items – our EW Width, HW Width, Mid-Width and Double Width cabinets are the perfect option.

Shallow-depth cabinets provide the ultimate in space savings and ergonomic design. High density storage capability with shallow footprint make them ideal for replacing shelves and maximizing floor space in narrow aisles.

### CABINET FOOTPRINTS

# MANY APPLICATIONS. MANY SOLUTIONS.

**LISTA OFFERS A VARIETY OF MODULAR DRAWER STORAGE CABINETS THAT PERFECTLY SUIT A WIDE RANGE OF INDUSTRIES, ENVIRONMENTS AND APPLICATIONS. LISTA CABINETS ALLOW MAXIMUM USE OF CUBIC SPACE FOR THE HIGHEST DENSITY STORAGE.**

Stacked Lista cabinets provide for maximum flexibility in storage. Shelf cabinets offer a variety of door styles to protect contents.

Lista cabinets can be stacked to serve as mezzanine supports. With their all-steel construction, they help you maximize your floor space.

Mobile cabinets afford the ultimate in flexibility and convenience. Almost any Lista drawer cabinet can be outfitted with casters, increasing flexibility and efficiency.

# RUGGED.
# CUSTOM DESIGNED.
# VERSATILE.

With Lista's Technician Series Toolboxes, you get it all – the largest capacity, most durable boxes on the market, at a price that boxes out the competition. Standard features such as heavy-duty (1,200 lb. each) casters, gloss powder coat finish, and a wealth of heights, widths and depths make these toolboxes the perfect solution in a wide variety of settings, from maintenance and repair to vehicle repair.

**THE POPULAR DOUBLE BANK CONFIGURATION FEATURES WIDE TOP DRAWER(S) FOR THE STORAGE OF LONG TOOLS, AND A VARIETY OF LOWER DRAWER SIZES TO STORE JUST ABOUT ANYTHING.**

The versatile Single Bank configuration, available in six footprints to meet a wide variety of applications and needs.

The Triple Bank configuration features an extra storage bank for maximum storage versatility. All models can be outfitted with convenient worktops in stainless steel or butcher block.

The Two-Bay configuration allows a large selection of both wide and narrow drawers.

# MAKE ANY WORKSPACE WORK.

**THE STORAGE WALL® SYSTEM'S COMBINATION OF MODULAR COMPONENTS SUCH AS DRAWERS, ROLL-OUT TRAYS, SHELVES AND DOORS MEANS YOU CAN STORE SMALL AND LARGE PARTS TOGETHER AND HAVE EASY ACCESS TO BOTH. IT ALSO MEANS EASILY ACCOMMODATING DIVERSE ITEMS AS YOUR NEEDS EVOLVE.**

In addition to full use of available ceiling height, Lista Storage Wall® systems give you maximum weight and cubic volume capacity. Their all-steel construction also supports mezzanine configurations.

Full- and shallow-depth footprint options are ideal for storing a variety of large and small items in areas where aisle and floor space is critical and vertical space will be utilized.

Choose from:

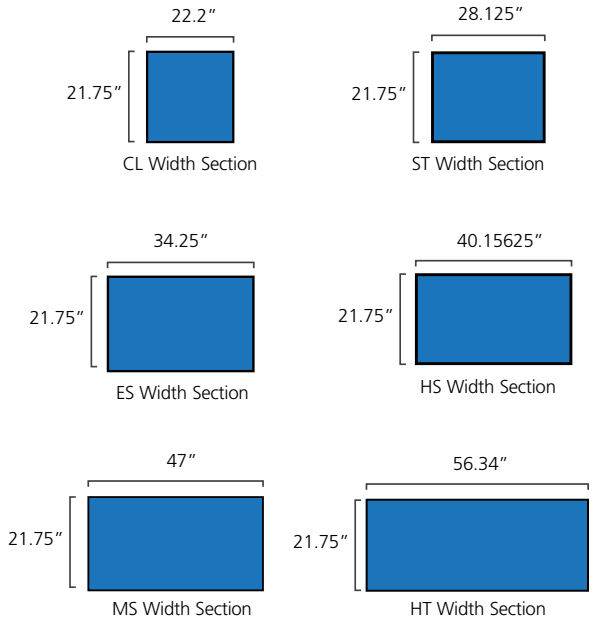
- Drawers to store small parts and components
- Roll-out trays for easy access to large, heavy items
- Shelves to handle larger items
- Doors for additional security and finished appearance

## STORAGE WALL® FOOTPRINTS

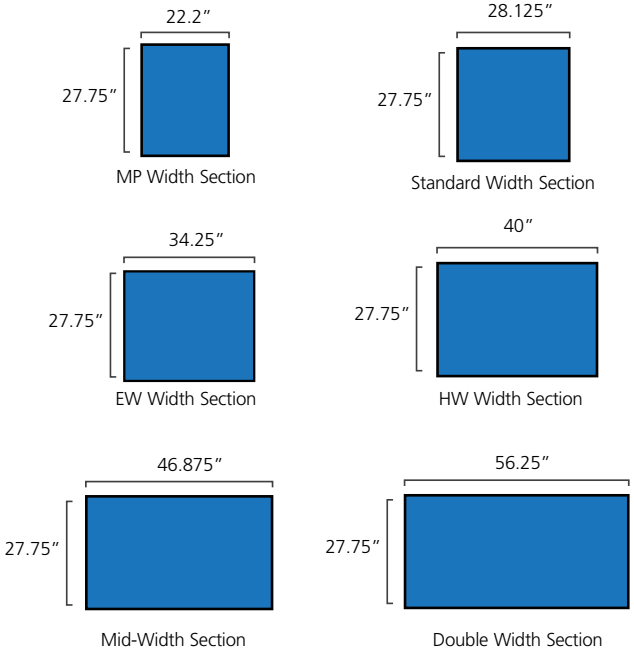
Lista offers two different Storage Wall systems.

The full depth Storage Wall system is the ideal solution for easily accessible storage of a variety of large and small items. The shallow depth Storage Wall system excels where aisle and floor space is critical and vertical space can be utilized.

### SHALLOW DEPTH STORAGE WALL SYSTEMS 21¾" DEEP



### FULL DEPTH STORAGE WALL SYSTEMS 27¾" DEEP



# BETWEEN A WALL & A HARD SPACE

**YOU WON'T FIND A MORE EFFICIENT OR VERSATILE WAY TO ADD STORAGE AND ORGANIZATION TO SATISFY YOUR SPECIFIC APPLICATION. WITH THE LISTA STORAGE WALL® SYSTEM, THE BIGGEST AND SMALLEST ITEMS CAN BE STORED NEAR ONE ANOTHER IN A LOGICAL, EASILY ACCESSIBLE WAY. UNLIKE CONVENTIONAL SHELVING, NOT AN INCH OF SPACE IS WASTED.**

Lista Storage Wall systems allow the use of the available height of your storage area (6 heights, ranging from 39 3/8" to 118 1/8"), turning formerly wasted space into active, productive storage.

Storage Wall systems can be ordered with a variety of door styles, including sliding, hinged and tambour doors, providing both security and protection of stored items from environmental dust and grime.

Storage and retrieval of extremely heavy items is made easier with Lista roll-out trays. Standard trays have a 440 lb. capacity; heavy-duty roll-out trays featuring a 770 lb. capacity are also available.

# ERGONOMIC COMFORT, FLEXIBLE FUNCTIONALITY & ENHANCED PRODUCTIVITY.

Designed with the user in mind, Align® Adjustable-Height Workstations feature an adjustable worksurface height range from 27" to 42" that allows quick and easy alignment for different tasks or operator preference. This flexibility helps reduce fatigue, stress and the potential for injury, and creates a workspace with unsurpassed ergonomic comfort and flexible functionality, all designed to increase user productivity. Ideal for repairing, testing and assembling mechanical and electronic products and components.

- Adjustable height allows the perfect ergonomic alignment for each operator
- Center- or rear-justified configurations accommodate multiple simultaneous users
- Precision drive system for maintenance-free reliability
- High load capacity of 1000 lbs. dynamic for motorized base and 500 lbs. dynamic for hand crank base
- Accepts the full range of Lista workstation accessories to suit your exact tasks
- Optional casters allow easy reconfiguration, cleaning

**NUMEROUS HEIGHT ADJUSTMENT CHOICES**

- Adjust worksurface height
- Choose from motorized, hand crankfrom 27" to 42"

# UNSURPASSED ERGONOMIC COMFORT. FLEXIBLE FUNCTIONALITY.

**REPETITIVE MOTION INJURIES AND OTHER WORK-RELATED MUSCULOSKELETAL CONDITIONS CAN BE AVOIDED USING ERGONOMIC PRODUCTS TO MINIMIZE THE RISK OF INJURIES AS WELL AS OPTIMIZE PRODUCTION THROUGHPUT. THE HEIGHT-ADJUSTABILITY OF THE ALIGN® WORKSTATION CAN BE THE ANSWER TO THESE PROBLEMS.**

When paired with the Nexus Accessory System, Align Adjustable-Height Workstations offer the ability to keep tools, supplies and parts off the worksurface, freeing space for the task at hand.

Bins stored on Nexus system shelves are much more efficient than having bins stored on the worksurface. This system allows for automatic re-supply, meaning if one bin empties, there is another bin right behind it that is full of the same part.

The easy height-adjustability of Align Adjustable-Height Workstations gives each employee the ability to custom-adjust the worksurface height to best suit their individual needs.

# THE HEIGHT OF CONVENIENT STORAGE.

**IDEAL COMPANIONS TO LISTA'S MODULAR DRAWER STORAGE CABINETS, OVERHEAD CABINETS BRING ORGANIZATION TO THE STORAGE OF BINDERS, BULK STORAGE OR ANY ITEMS THAT REQUIRE CONSTANT ACCESS, AMPLE ROOM AND SAFE, LOGICAL, EASILY ACCESSIBLE STORAGE.**

An overhead cabinet with retractable door provides convenient bulk storage above a drawer cabinet in the machining area of an aircraft repair facility.

Overhead cabinets bring organized, efficient storage of instruction manuals, binders and other reference books.

Overhead cabinets with steel-framed plexiglas doors hold an array of books, manuals and binders in this classroom.

# SECURE, ORGANIZED STORAGE OF VALUABLE TOOLING.

**FROM THE SMALLEST SHOP TO THE LARGEST MACHINING OPERATION, LISTA CAN ECONOMICALLY PROVIDE EVERYTHING YOU NEED FOR SAFE AND EFFICIENT STORAGE OF VALUABLE TOOLS. WITH OUR MANY DIFFERENT CNC TOOL STORAGE PRODUCTS AND ACCESSORIES, LISTA PROVIDES AN EFFICIENT, ORGANIZED AND SECURE LINK AMONG ALL THE VARIOUS STAGES OF TOOL STORAGE, TRANSPORT AND USE.**

Lista CNC tool transporters safely deliver tools directly to the work area.

Sliding door machine tool cabinets with butcher block tops provide both complete protection for tooling and a highly functional worksurface.

The Lista Storage Wall® System is used to store a variety of different-sized CNC tooling, maximizing floorspace while providing safe, secure and completely organized CNC storage.
